Description/Terms and Conditions

Making Tax Digital (MTD) Offer

You may have heard on the radio or seen on the TV that HMRC are changing the way you submit your income.

Ledger books and spreadsheets will be a thing of the past.

From 2026 MTD will require most self-assessments to be produced, and records to be held, on compliant digital platforms.

Some of the benefits of having your accounts on a digital platform are:

- Helps with understanding your financial position regularly
- Being able to plan more efficiently
- Lessens mistakes
- Lessens accountancy fees

Why not get ahead of the game and start now? TI Accountancy are offering a free, no obligation, discussion with one of your MTD experts to discuss how this is going to affect you and your business soon.
