CERTIFIED CLEANING TEAM

I love cleaning is a perfectly passionate cleaning business offering both domestic cleaning and commercial cleaning services in walsall and its surrounding area's. we're proud to say that many of our clients have been with us since we started, over **10 years** ago!

our ethos: 'we do it well.'

passion & professionalism oozing from our fingertips!
we provide domestic & commercial cleaning services and 'we do it well'
delivering a loving touch to homes & businesses, at the click of a finger!

love being different:

our passion for cleaning is **authentic** (cleaning is a career choice)
over **10 years** trading history.

in excess of **70 weekly contracts** - domestic and commercial

a core **management team of 3** with a current **field team of 6** - and growing!

our vision is simple... to deliver a service that is **passionate, energetic and professional.**

love being transparent:

no hidden costs - we are happy to let people know the costs from the outset.
we don't change the rules - you pay for our time and that's it!

house rules - we do expect both domestic and commercial clients to sign a service level agreement - protecting both parties, ensuring a clear line of communication, at all times.

we use **our own products & equipment**

gaurantee

if you're not **100% happy** with your clean we will rectify the problem within 24 hours.

all of our team has **undergone DBS checks & COSHH training.**

rest-assured that your property is in safe hands - **our business & teams are fully insured.**

commercial

we understand the importance in **maintaining a clean and hygienic workspace.**
(especially in the current global climate)

we understand the significance of **keeping rentable properties immaculate**
and ready to rent at a moments notice.

that is why **we are already trusted** by a variety of local businesses; including insurance companies, offices, schools, serviced flats, private landlords and by letting agents.

book a free consultation now, where we can discuss your cleaning requirements and see how **i love cleaning** will inject some passion into your workspaces.

commercial costs start from **£19.50 per hour** subject to equipment requirements and logistics.

commercial

we didn't just sit about chillin' with Netflix'

luckily, during lockdown, our team didn't just sit about twiddling their thumbs whilst bingeing on Netflix box sets (although it was great for a day or two). instead, each member of our team underwent an intensive online **covid-19 training program** - devised to help them deliver covid-19 **cleaning best practice** into every home and workspace they work in.

covid-19 certified cleaning professionals

this means our clients can rest assured knowing that any cleaning service they receive from **i love cleaning** is being done so by one of our **covid-19 certified cleaning professionals**. there's a lot to consider in keeping your team safe from infection, so it is our aim to offer businesses a regular cleaning service that they can trust will work in-line with their, **auditable, health & safety strategy**.

put your trust in i love cleaning to keep both employees and customers safe from infection.

domestic

our hourly rate is based on **£16.00 per hour** but this does not mean that you have to commit to a minimum of two hours each week. some of our customers choose to use a two-hour service, fortnightly.

we allocate a minimum of two hours for each cleaning as we firmly believe that anything less won't make an impact.

spring cleans are quoted for individually as each property is different we're flexible to suit you, so however delicate your requirements we will be happy to accommodate.

the important things in life!

We know you're out there saving the world, and you're way too busy to clean... so we're here to do it for you.

Even a superhero needs a hero!

it's a misconception that having a cleaner is something that only posh people benefit from.

most of our domestic clients are those that don't see our cleaning services as an extravagance that they can afford; they see it as a necessity to compensate for a busy work schedule, a hectic family environment, or both!

we service clients who are restricted by disability or are simply vulnerable and unable to handle the normal situations that are thrown at them each day.

what we do is create and facilitate a balance so that our clients can carry on with the important things in life and not have to worry about the restraints of cleaning their homes.

brainchild

I love cleaning is the brainchild of **Jody langford**. Jody's job is to put the passion into cleaning and to keep the business ship shape and in bristol fashion.

Jody was once a key figure within one of the uk's biggest restaurant groups, where tough hygiene audits and cleaning regimes accounted to a large proportion of the groups' success.

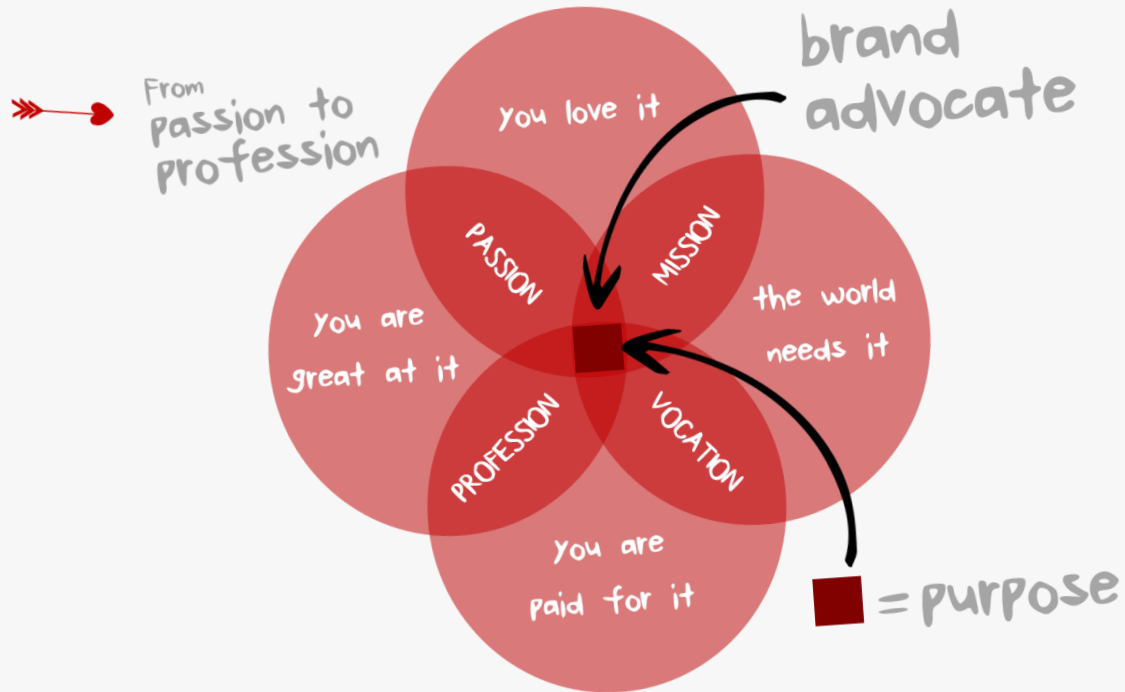

she set up the business back in 2008 when on maternity leave, having decided to leave her insurance job in the city to capitalise on her **weird obsession with cleaning**.

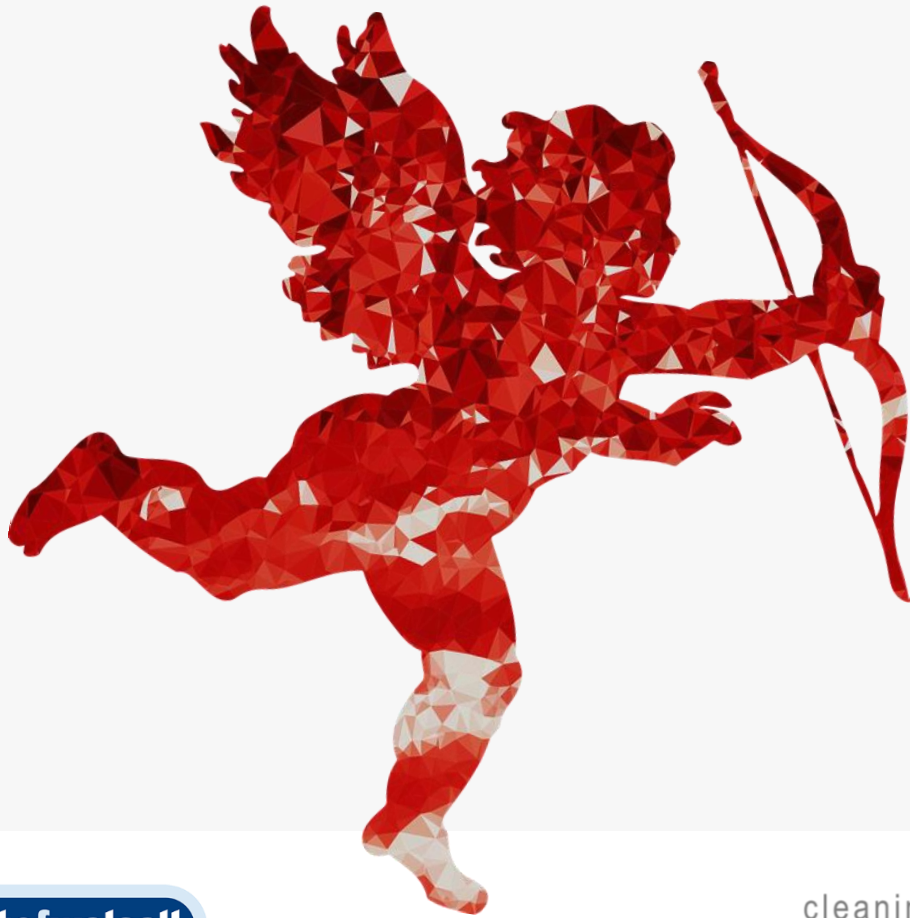

the passion:

we can safely say that our employees are as equally passionate about cleaning as we are... and they are employed purely on that basis.

brand values

fun

we're serious about our work we do but
we don't take ourselves too seriously

happy

it's our job to spread happiness —
both in our actions and in our work

integrity

our business is built on trust — without
trust the business wouldn't exist.

our connection:

we asked all of our customers, in 2 words,
'how does our service make you feel?'

new

the great feeling of newness

like the start of a new season, at the end of each clean, our clients benefit from feeling fresh and looking great

fresh start

the week brings with it the tempestuous challenges of daily life. signs of a hectic work or family life can't be witnessed in the home, or workplace, of an i love cleaning client!!!

a healthier family or workplace

bacteria, mould, and dust cause everything from allergies to asthma. regular cleaning sessions will significantly lower the potential for sickness, and create a healthier family or team overall.

A decorative graphic in the top left corner includes a red arrow pointing down to a small red heart, and several larger, glossy red hearts of various sizes scattered around.

liberated

more opportunities to be hospitable

our services give clients the confidence to be hospitable without feeling embarrassed about entertaining in a dirty home or workplace.

less guilt about downtime

our clients don't feel guilty about taking valuable downtime to read a book or watch tv? knowing that the cleaning has been done, our clients are free to relax or tackle other projects.

increased productivity

"clutter is the enemy of creativity."

it's incredibly hard to function, let alone be creative, when you're surrounded by dirt, grime, and most especially clutter.

i love cleaning keeps homes and offices clean and tidy - providing mental space for clients to work and focus exclusively on the task at hand. which makes them way more productive.

i love cleaning prevents anxiety and frustration.

working in harmony:

vision & values

our **company values** set the standard for how we work alongside each other, our clients and supply chain partners.

commitment

honesty & integrity

innovation

customer focus

safety first

teamwork and leadership

'the best relationships are those that are based on **energy** and **passion**. loyal clients are those of whom you have the **best relationship**'.

'our emotional connection to you is like a cuddle'.
