OUR PROVENANCE

Consero London has earned a considerable reputation as a professional developer of exceptional properties in carefully-selected, exclusive locations. Established in 2004 on a foundation of decades of experience, the privately-owned company now boasts an enviable portfolio of over 130 select properties across London and the Home Counties. Consero London is jointly owned by founders, Robert Osborn and Steven Glover, and Director Jason Lawrence who joined the Board in February 2012.

BESPOKE HOMES OF DISTINCTION

Created with a passion, every Consero project combines architectural beauty in exclusive locations with uncompromising quality and attention to detail. Our service is personal from the outset, meeting both client and design challenges along the way, with inventive and innovative solutions in the most technically-demanding environments.

DELIVERING A VISION

Consero London private clients are private people, valuing our discretion, attention to detail and personal service. Our team of highly-skilled professionals will deliver their vision from inception to completion with the utmost care.

RUSSIAN CLIENTS

To meet the needs of our Russian clients we also have a dedicated in-house Russian desk.

RETURNING HOME

Consero London clients are busy people, often splitting their time between the UK and their properties overseas. Our Consero London concierge service is available to all our private clients – an airport pick up, restaurant or theatre bookings or even a spring clean can be arranged. First-class, personal service guaranteed.

YOUR PROPERTY PARTNERS

Consero London partner with owners, investors and land agents to create joint venture opportunities for exclusive property development and exceptional homes from £4m to £40m. We also actively search for land opportunities to create unique homes throughout London and the Home Counties. The Consero London team would be delighted to discuss development opportunities with any prospective vendors, agents or JV partners.
