

Hitachi Air Conditioning

Engineered for tomorrow.

# Cool, efficient delivery, naturally

## RCME

Samurai  
Chiller

Our new Hi Efficiency Samurai chiller is engineered to be flexible: modular, seasonally efficient and with capacities from 106kW to 1280kW. Equipped with inverter-driven 4-blade fans and intelligent control system for optimum seasonal efficiency, Samurai RCME is highly effective even at partial load. And with two plate heat exchangers delivering improved refrigerant distribution – and a twin-screw compressor optimised for R134a with continuous capacity control – Samurai RCME is naturally efficient in every season.

Japanese engineering excellence,  
naturally.
