

# Helping your business

## grow faster

The Government is offering a limited number of businesses like yours access to strategic advice from a national network of universities by match funding £2,000 towards the cost of a targeted business growth programme.

### The Small Business Charter Growth Vouchers Programme includes:

- Mapping and measuring growth opportunities
- Improved cash flow and financial management skills
- Innovative marketing strategies for small businesses
- Process mapping to understand where you add maximum value
- Guidance on how to raise finance for growth
- Planning your next steps with an expert business mentor.

**ELIGIBILITY:** To take part, you need to have a business registered in England, have fewer than 20 employees, have an annual turnover of less than €4m or £3.2m, own 75% or more of your business and have been actively selling goods and/or services for at least 12 months.
