

Recycling and waste collection calendar 2015/16

It's as easy as 1 2 3

Your collection day is **Monday**

Dry recycling

- Remember, you can recycle paper, cardboard, plastic bottles, plastic tubs and containers, food tins, drink cans, aerosols, cartons, glass bottles and jars.
- Wash food and drink containers and foil before recycling them.
- Please do not put polystyrene into the blue lidded bin. This cannot be recycled.
- Please do not put any plastic bags, black sacks or plastic film in the recycling bin.

Garden and food waste

- You can wrap your food waste in kitchen towel or a sheet of newspaper before recycling it.
- Do not use any kind of plastic or compostable bag.

Non-recycling waste

- By using the blue-lidded and green recycling bins, you will use the black bin less and reduce the amount of waste Watford sends to landfill.
- All lids must be closed with no waste visible. We will not collect any non-Watford Borough Council branded bags left next to or on top of your bin.

"Thanks to all our residents for recycling; please do keep up the good work in 2016"
