

LOCKDOWN 2020 POSTCARD ART TEMPLATE

1. Print out this sheet on your printer, cut out the postcard template below and stick it to a piece of card. This could be a cereal packet or any other lightweight card food packaging. Cut out your card to the size of the template.
2. On the other side stick a plain piece of paper ready for your artwork.
3. Create a piece of art that best shows how "Lockdown" has been for you
 - You could write out a poem that sums up how you feel
 - You could experiment with watercolours or get bold with crayons
 - You might want to paint your safe place, tell us about your sadness or show us your dream for the future

Use your imagination!

When you've completed your card you can post it to The Paint Pottle or pop it in the special post box outside the shop on St. Mary's Road. We'll create a digital gallery of everyone's response and have a real life exhibition in the future.

Please put your full name, age and an email address (optional) on the back

We can't wait to see what you come up with!

Template:

<p>Add your name and age here and a little bit about your artwork if you want to...</p>
