Customer Review  
 Gluten Free Chapatti Flour  
 Chappatiwalla

Shamsa Asif ★★★★★

"I've been brought up with roti all my life, I've loved having roti each day. After being diagnosed with celiac disease I struggled to get the perfect gluten free roti. I tried various flours on its own, tried mixing flours together but it was never soft however just made do with it. But then found this Chapatti wala atta, as soon as you open the packaging it's got such an incredible smell, mixes like a normal atta and the taste is just like a normal soft homemade roti. It's definitely filled that void and can say this is the best so far"
