WHY CHOOSE XUK?

A family business with family values...

We're Richard and Nick, brothers and owners of XUK, which is, and will always be, a family business.

For **over 28 years**, we have been proud to offer outstanding childcare with safety at the heart of everything we do. As parents ourselves, we understand how important communication is, which is why we're always available to speak directly with you.

We believe children gain confidence by trying new things, achieving success, and working together. That's why our camps are all about giving children the opportunity to take part, discover new activities they enjoy, get out of the house and away from their screens, and meet other children and adults from different backgrounds.

Our aim is for campers to have as much fun as possible in a safe and welcoming environment and leave XUK with new skills, lifelong memories, increased confidence, and friends from all over the world!

This is the 3rd year that my daughter goes to XUK camp! The staff are awesome! 100% positive, fun, caring and perfect for a team building experience for those that are extrovert or shy! My daughter made friends from different countries and they are now planning to go back. It is a super caring environment that will give them awesome memories for life!

FAQs

How long should my child stay?

- This is a tricky one. It really depends on your child. The questions you should ask yourself when considering this are:
 - **How old are they?**
 - **Have they been away from home before?**
 - **What do they want out of camp?**
 - **Do they have friends or siblings coming with them?**

Alternatively, please call us. We are very experienced and can usually help you work through the decision to make the best choice for your child.

My child takes regular medication - what happens at camp?

- Upon arrival, we will collect your child's medication. Our medical team will be responsible for the safekeeping of your child's medication and will ensure they visit the medical centre at the correct times each day to receive it. Campers must be independent with their medication; however, it will be stored in a safe place and monitored.

How do I contact my child during their stay?

- Campers can call home using the phone in our office. You can also send them emails, which we will distribute to them. Of course, if your child brings their own mobile phone, you can contact them during their free time (campers cannot use their phones during mealtimes or activities).
