

North Notts Association of National Trust Members

The Canals - How and why they were built

A talk by Graham Woodward

Graham Woodward, chairman of Nottingham Civic Society, has written numerous articles about Nottingham's industrial heritage, and four books about Nottingham including one about the Nottingham Canal. The talk will concentrate on canals in general with Graham looking at their history from the very first in 486BC. It will focus on how and why they were built, how they work, some of the lesser known facts about them and the latest technology such as the Falkirk Wheel.

Wednesday 19th February at 7.30 pm

at The Crossing, Newcastle St, Worksop S80 2AT
