Richards Plants Narcissus Tete a Tete

The Tete a Tete is an iconic, easy to grow dwarf Narcissus that's perfect for containers, rockeries and borders.

These multi-award winning daffodils only grow to about 20cm in height and have become incredibly popular - and quite rightly so!

They have so much going for them 🌼 Hardy, bright and lightly-scented, they bloom from February through to April.

The flowers are rich in nectar for all sorts of pollinators, and they also make superb cut flowers.

Let's face it, at the end of winter, we're all glad for the cheer these mini daffs can bring. Our pots of D.

Tete a Tete are priced just £2.99 each or 4 for £10. All at Richards Plants
